

Project Management Simplified

WALK THE SITE WITHOUT BEING ON SITE

Coakley Brothers provides best in class management of your projects, fixed assets, and real estate portfolio, ensuring visibility and accountability in real time. By delivering critical information to key stakeholders through technology-driven tools, we manage your projects to completion - on time and on budget.

Our approach to project management optimizes the oversight of your on- and off-site physical assets like furniture, documents, and equipment through one comprehensive technology platform.

POWERED BY COAKLEY CONNECT

Developed by the Coakley team, Coakley Connect tracks moves, manages assets, and updates the status of critical projects through one extensive online portal. Coakley Connect, our proprietary facility management platform, ensures transparency every step of the way.
